

S.S.S.

CURES BLOOD POISON

The only way to cure Contagious Blood Poison is to REMOVE its cause. Trying to kill the germs within the system, or counteract disease cells in the blood with powerful mineral medicines, not only results in failure, but also weakens the more delicate and vital tissues, and allows the original trouble to attack other portions of the body.

It is solely on the principle of removing the cause by purifying the blood, that S. S. S. cures Contagious Blood Poison, and it does this because it is the most perfect and thorough of all blood remedies. It does not work on the principle of killing one poison by taking another, or trying to dry up the germs in the blood, but it cleanses the circulation and REMOVES the last vestige of the contagious infection.

Contagious Blood Poison is the most insidious of all diseases. It begins in an insignificant manner, usually the appearance of a tiny pimple or sore being the only outward evidence of its presence. But down in the blood the treacherous infection is at work, and in a short time the victim finds his body is affected from head to foot. The mouth and throat ulcerate, skin eruptions break out, sores and ulcers appear on the body, yellow spots disfigure the skin, the glands in the groin and neck swell, and as the poison becomes more thoroughly saturated into the blood the hair and eyebrows come out.

Contagious Blood Poison is too dangerous to trifle with. Medicines which merely check the progress of the poison for a time and leave the insidious germs smoldering in the blood, have brought misery and disappointment to thousands. Faithfully they took such treatment for months, perhaps years, only to find when it was left off that the vicious disease was ready to crop out again in all its former destructiveness.

The only possible way to cure Contagious Blood Poison is to remove the cause. This is just what S. S. S. does; and it is the one medicine that absolutely and thoroughly cleanses the blood of every trace of germs and virus of the disease. S. S. S. goes into the circulation, and while removing the cause makes the blood pure, fresh and healthy. This causes a general upbuilding of the entire system, and when S. S. S. has made a cure the patient experiences a change to vigorous, robust health.

S. S. S. is made entirely of roots, herbs and barks. It does not contain the slightest particle of Mercury, Potash or any other mineral substance to upset the stomach, affect the bowels, or inflame any of the delicate membranes of the body. On the other hand, it is a fine tonic, made of botanical ingredients that aid the system in every way to overcome the effects of Contagious Blood Poison. We have a book on Home Treatment which we will send, together with any medical advice free to all.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

ALAMO ELECTS CITY OFFICIALS

Byron Sherry Now Mayor of Town—Phone Service to Denyer.

Alamogordo, N. M., March 2.—At Alamogordo's first city elections, as incorporated under act 117, the regular nominated ticket was elected, as follows: For mayor, Byron Sherry; for clerk, Chas. E. Thomas; for long term trustee, Geo. C. Schipio and J. J. Hill; for short term trustee, H. W. Park and H. S. Evans.

A. D. Graham, district manager of the Colorado Bell telephone company, of Albuquerque, and John F. Greenwalt, publicity agent for the same company, of Denver, Colo., were here lately looking after the inauguration of through telephone service from Alamogordo to Denver by way of Albuquerque.

FAMOUS RANCH SOLD IN VICINITY OF GLOBE

Globe, Ariz., March 2.—Another relic of the pioneer days of the Globe district has changed hands. In the sale to county road superintendent J. S. Miles, of the famous bouquet ranch, located 25 miles north of Globe, Ariz., the most complete and most nerve racking, careful defense of the land against the claims of the Indians and even murder entered into the history of this famous piece of land. It was originally settled by Phil Has-

EL PASOANS WILL ENDEAVOR TO RAISE \$7000 FOR MISSIONS

First Convention of Laymen in El Paso Is Brought to Close—Workers to Speak at Prayer Services.

With representatives of the various churches in the city promising that they would contribute their share toward the support of foreign missionary work and would endeavor to raise \$7000 during the coming year, the laymen's missionary movement closed its convention at the First Presbyterian church Tuesday night.

There were three addresses made, one by Rev. J. L. Dearing, missionary to Japan, who spoke on "Japan in Transition"; Rev. Oia Hanson, missionary to Burma, whose address was "Miracles of Grace in Burma"; and Rev. H. E. Williams, the editor of the Missionary, a publication of the Southern Methodist church, who has traveled through the missionary countries in recent years and knows conditions there.

Religion spreads in Japan. Rev. Mr. Dearing said: "Less than 50 years ago there was not a single Christian in Japan and yet today there are more than there were in the whole world during the first century. Only 43 years ago a man in Japan was imprisoned because he was found with a copy of the new testament in his possession."

Japan then, would not permit the introduction of opium or Christianity into the country. The former rule is still in force and it is impossible to pass certain patent medicines which are freely sold in the United States because they contain too much opium.

"The latter law is no longer in effect and in no country on the globe is there greater religious freedom except in our own country."

But a few years ago there was no commerce, only a few Dutch ships stopping at Nagasaki. Now the commerce runs into the millions and Japan sells more goods to the United States than to any other country, but America does not sell more to Japan, but that is the fault of the American merchants.

Work for Americans. "If the Americans would Christianize Japan they would find it a paying proposition. It is said the Japanese are tricky, but they would not be so if they were Christians."

"China, from 900,000,000, is now thinking of copying Japan, a leading newspaper of Tokio has declared in a recent editorial that the development of Japan is due to a great extent to the teachings of missionaries and the fact that the people are embracing Christianity, which improves their morals."

"Count Okuma said that while he was not a Christian he had received a great influence from Christianity."

The bible and the hymn book are the two best sellers in Japan.

"Japan was the first eastern nation to conquer one of the west and 8000 Chinese and a number of Burmese are in Tokio learning how Japan did it."

Conditions in Burma. Rev. Oia Hanson, speaking of Burma said, when a bright boy in Burma was asked what were the principal imports of the country he said: "Cotton goods and missionaries."

An Englishman, whose knowledge of geography was somewhat limited, asked another M. P. where Burma was and he said: "I do not know, but my brother is there, though he writes it Bermuda." Continuing the speaker said: "The last king of Burma is still living on an island near Bombay spending the English government's money and enjoying himself. His last official act was the execution of 85 of his relatives in order to insure his right to the crown."

Today Burma is the richest province in the Indian empire. The Baptists were the first to send missionaries there and now it is the most Christian part of India.

A few years ago the Burmese would not permit the Koreans to enter their country and even the Christian Burmese said to a missionary: "The Koreans are just like our women, they have no souls."

Koreans Accept God. "However, the Koreans had a tradition that ages ago some one took a book away from them and when they saw a band of missionaries entering the country with the Bible they accepted it as that book."

"The name of God in their dialect sounds similar to the Hebrew word in the old testament. There are now 70,000 communicants in the Christian church among the Koreans. All promise to abstain from opium and whiskey and to observe the Sabbath and send their children to school."

"They support their own churches

and schools and at Burma there are 170 young men, 140 of whom are Koreans, studying for the ministry in the second largest Baptist seminary in the world.

"It takes a half month to travel 100 miles in that country, yet they are good missionaries and are doing the work on the border of Siam."

"It required four years for me to reduce their spoken language to writing but it was finally accepted and prepared a grammar, spelling books and other books together with a dictionary for this purpose. England is always willing to encourage work along this line."

Larges Greater Support. H. F. Williams said: "It is encouraging to see God's people engage in one common cause and there is not a superior body anywhere in the world to the men and women we have sent out in the foreign missionary field."

There is not a nation in general on the globe that has not been opened to the gospel and while we are on the morning of battle it is possible to evangelize the world.

I know of no missionary station that is adequately equipped and in order that the work may be properly carried out it is necessary that this be looked into first.

Address Prayer Meetings. Although the laymen's missionary convention closed Tuesday night, several of the visiting missionary workers will remain in El Paso for another day and the prayer meetings at the various churches tonight will be addressed by them.

Revs. J. L. Dearing, Oia Hanson and A. W. Rider will address the congregation at the First Baptist church; Rev. C. F. Reid will speak at Trinity Methodist, and Rev. J. M. Patterson, of St. Louis, Mo., field secretary of the board of foreign missions for the southwest, will be the speaker at the First Presbyterian church tonight.

Lecture Tonight. At 7:45 p. m. this evening Dr. C. F. Reid, 30 years a missionary to China and Korea, will speak at Trinity M. E. church, corner Mesa Avenue and Boulevard, on "China, the Greatest Thing in the World."

WORK STARTS ON NEW BUILDINGS AT BISBEE. Citizens Take up Subscription to Repair Street When City Fails to.

Bisbee, Ariz., March 2.—Work has begun on a new building, the Copper Prince, on Main street. The firm of James & Phillips has the contract for the construction.

It has been assured that work on the new theater will be started soon. The theater will be erected on Main street by Martin Costello.

Upon the refusal of the city to repair the broken down stairs which lead down to opera drive, a number of citizens living in that locality opened a subscription to repair the stairs. In two days enough money was raised that work of repairing was started at once and the substitution of a complete set of new stairs to the old ones was completed.

A new society has been organized at Warren by a group of women. The society proposes to assist in the work of the Warren Sunday school. Mrs. Fred Mank was elected president.

MINER IS TAKEN ILL ON WAY TO CARRIZO. Carrizozo, N. M., March 2.—A miner by the name of Olaf Zornson, who was a passenger, created a commotion on the train just after the train pulled out of Carrizozo, by having a series of violent fits, after which he collapsed entirely. At Corona he was given medical attention by Dr. A. B. Cross, the company physician, and as he appeared to be much better, he resumed his journey on the same train, his destination being Iron Mountain, Michigan.

Dr. Cross, of Bryan, of Alamogordo, was a recent visitor here.

Albert Ziegler made a business trip to Ancho recently.

Arthur Baker, of Alamogordo, is now working for Rolland Bros' Drug Co.

CLEVELAND CAPITALIST MAKES IMPROVEMENT AT ROSWELL. Roswell, N. M., March 2.—Edward Hale, treasurer of the Citizens' Loan and Trust company, of Cleveland, O., is here on an important business mission in regard to the vast improvements that are going on at the Milne-Bush tract near Roswell.

His visit also has important significance with the cutting up and selling of the great Higman estate, as he is the guest of William G. Hamilton, Hagerman's agent.

SCIENTISTS TO GIVE LECTURE

Miss Mary E. Brookins to Speak in El Paso on Sunday Next.

The Second Church of Christ, Scientist, of this city, has secured Miss Mary E. Brookins, of Minneapolis, to deliver a free lecture on the subject of Christian Science.

This lecture will be given Sunday afternoon, March 6, at 2 o'clock at the El Paso theater and is free.

Miss Brookins was for a number of years a teacher in the public schools of Chicago.

Before accepting Christian Science she was actively associated with the Universalist denomination.

In 1888 she became Mrs. Eddy's student in the Massachusetts Metaphysical college, and has been engaged in practicing and teaching Christian Science ever since.

She served seven years as first reader of the First Church of Christ, Scientist, in Minneapolis, and in 1902 she was appointed a member of the Christian Science board of lecturership.

White, Oklahoma City; Charles Prye Cohn and wife, Muscatine, Ia.; W. H. Heap, New York; C. H. Paul, New York; F. A. Halley and wife and daughter, Denver, Colo.; R. B. Struthers, Boston, Mass.; L. L. Silvester, New York; Mrs. E. C. Stall, New York; F. B. Wilson, Douglas, Ariz.; Charles E. Usher, Los Angeles, Cal.; E. H. DeYore, Douglas, Ariz.

Is This Fair? Certain Proof Will Be Made That Stuart's Dyspepsia Tablets Cure Stomach Trouble.

A Trial Package Sent Free. Stuart's Dyspepsia Tablets are made to give to the system, through the digestive tract and the stomach, the necessary chemicals not only to digest food, but to enrich the fluids of the body so that it may no longer suffer from dyspepsia or other stomach trouble.

We will send you a quantity of these tablets free, so that their power to cure may be proven to you.

Thousands upon thousands of people are using these tablets for the aid and cure of every known stomach disease. Know what you put into your stomach, and use discretion in doing so.

Stuart's Dyspepsia Tablets contain fruit and vegetable essences, the pure concentrated tincture of Hydrastis, Golden Seal, which tone up the stomach, and increase the flow of gastric and other digestive juices; Lactose (extracted from milk); Nux, to strengthen the nerves controlling the action of the stomach and to cure nervous dyspepsia; pure aseptic Peppin of the highest digestive power and approved by the United States Pharmacopoeia.

One of the ablest professors of the University of Michigan recently stated that this Peppin was the only aseptic pepsin he had found that was absolutely pure—free from all animal impurities; Bismuth, to absorb gases and prevent fermentation. They are deliciously flavored with concentrated Jamaica Ginger—in itself a well known stomach tonic.

Liquid medicines lose their strength the longer they are kept, through evaporation, fermentation and chemical changes, hence Stuart's Dyspepsia Tablets are recognized as the only true and logical manner of preserving the ingredients given above in their fullest strength.

If you really doubt the power of these tablets, take this advertisement to a druggist and ask his opinion of the formula.

It is due your stomach to give it the ingredients necessary to stop its trouble. It costs nothing to try. You know what you are taking, and the fame of these tablets prove their value. All druggists sell them. Price 50 cents. Send us your name and address and we will send you a trial package by mail free. Address P. A. Stuart Co., 150 Stuart Building, Marshall, Mich.

ROSWELL BUSINESS MAN DIES AT HOT SPRINGS, ARKANSAS. Roswell, N. M., March 2.—Arthur W. Hatfield, who had been a resident of Roswell for two years and had been conducting a boot and shoe manufactory on Main street next to the Grand Central hotel, died at Hot Springs, Arkansas, where he went two weeks ago for treatment for rheumatism.

Mr. Hatfield was 39 years of age. He was married January 1, 1908, at Melbourne to Miss Clara Ballow, who is now making her home in Roswell. Burial will be made at Hot Springs, Arkansas.

MANY ROSWELL PEOPLE ATTEND MILLS INAUGURATION. Roswell, N. M., March 2.—Among the prominent Roswell citizens who attended the inauguration of Gov. Mills, were captain M. S. Murray, of the Roswell armory; sheriff Charles L. Ballard, attorney R. E. Lund, J. Smith Lea, of the New Mexico prison guard; Harold Hurd, receiver of the Roswell United States land office; Capt. Murray and Lieut. Hurd as representatives of the National Guard of New Mexico; Col. Ballard as a member of the staff of the retiring governor.

Notice.... We have been disappointed in securing the new store at 310 & 312 San Antonio street, for immediate occupancy. For that reason, our Spring Styles are now being shown at the old location.
